

One Smart Option for Student Success: Become a Member of The Digital Learning Commons

“The Digital Learning Commons is an outstanding resource for any school district hoping to meet the diverse needs of students in the 21st century.”

Dr. Chip Kimball, Superintendent, Lake Washington School District

Boost Student Achievement

Raise test scores with easy to use tools and resources

- WASL test-prep resources, tutorials, and online courses help students target the skills they need to succeed.
- Library databases, such as netTrekker and Grolier, include lesson plans and resources aligned to Washington State standards.
- Online diagnostic tools and reports make it easy for teachers to assess student knowledge.
- Online assessment tools mean teachers spend less time grading tests and more time teaching.

Expand Resources and Courses

Give middle and high school students more ways to succeed

- Online resources, such as Apex Learning ClassTools, ExploreLearning Gizmos, and ALP WASL Prep, allow students to focus on the skills they need to master.
- Diagnostics and reports help teachers quickly and easily get a sense of a student's strengths and weaknesses.
- Instructor-led online courses give students the flexibility to make up credits without retaking entire classes.
- Give students with specific interests the opportunity to take courses not offered at school, including remedial, AP, honors, and college-level classes in every subject area.

Encourage Individualized Learning

Meet the needs of all students

- Create a collaborative, student-centered learning environment by opening new avenues for achievement.
- Use DLC resources to help your students develop deeper understanding and independent learning skills through active participation, exploration and research.
- Give students opportunities to learn at their own pace, to make relevant, real-world connections, and to reflect on their own learning.
- Expand your school's course offerings and allow for greater scheduling flexibility.

The DLC is a Washington-based nonprofit dedicated to helping all students achieve.
one low cost • trusted resources • free implementation support

Full Membership Includes:

Digital Library

This world-class digital library, featuring netTrekker, Grolier, SIRS, and Facts on File, is available anytime, anywhere.

Catalyst Digital Tools

These easy-to-use online tools help students and educators create portfolios, collaborate on projects, and build online communities.

DLC Tutors

Tutors offer assistance with coursework, provide live online support, help students use DLC resources, and guide them in their post-high school planning.

College & Career Planning Tools

Optional

The DLC offers to optional college and career planning tools—WOIS and Bridges—at a big savings to schools.

You pay only (for the 2008-2009 school year):

\$6 per student for public schools; \$8 per student for private schools

Access to Online Courses

The DLC offers schools access to 300+ top-quality courses in all subject areas at a savings of up to \$75 per course. Average cost of a course is \$255.

Teaching Resources

Online curricula—Apex Learning ClassTools, ExploreLearning Gizmos, and ALP WASL Prep—to enhance math, English, science, social studies, foreign language, and AP courses.

School Support

We support you in integrating DLC resources into your school with a variety of free training opportunities for staff.

Course Credit Funds

Eligible schools receive \$1000 in credit to help offset the cost of online courses and equalize the opportunity for all students. Course Credit Funds are granted on a first-come, first-served basis.

Courses-Only Membership Includes:

Access to Online Courses and DLC Tutors

Pay only \$1 per student, up to \$100 per school for the 2008-2009 school year (plus course fees) to access online courses and DLC tutors. This is a great solution for high schools of all sizes.
